ROOSEVELT

By Samuel Parker

We are not careful to restrain
Our sorrow when our giants are slain,
And so we bend admiringly
Before thy towering majesty,
Champion of right and liberty,
Oh Roosevelt.

Since from that stalwart form hath
fled
The breath of life—they call thee
dead—
Not so—thy love for truth and right
Has linked thee with the infinite,
To help to serve was thy delight,
Oh, Roosevelt.

Oh, how the human burns and glows,
As, dumb before his stalwart blows,
Went crashing forms of tyranny.
No shackled limb must we e'er see;
Free as the air the mind must be,
Oh, Roosevelt.

We thank thee for the lesson grand—
You took the black man by the hand;
True manhood makes the world
akin,
And not the color of the skin,
Let but the heart be true within,
Oh, Roosevelt.

The world will hear his grand appeal,
"Give every human a square deal."
The "square deal" its great chal-
lenge flings,
Defying "divine right of kings,"
While Liberty her loud anthem
sings,
Oh, Roosevelt.

Young men of this most highly fa-
vored land,

grand?

On Washington's birthday, February 22nd, will be given a big dance for which Bush's orchestra has been engaged, one of the finest organizations for the playing of dance music in this part of the country.

Mrs. Keller also announces a beginning class next Tuesday evening for the older married set who dance and who have importuned her for a chance to learn the new dances. From present indications it will be one of her largest and most popular classes.

CALIFORNIA WAR HISTORY

An effort is being made by the California War History committee to have all information in regard to California boys in the service systematically collected through the libraries and forwarded, together with photographs of the soldiers, to the county chairman of the committee.

The Branch Library will undertake this work for the Tropico district, in co-operation with the local Red Cross.

The Chairman of the Red Cross will ask the assistance of the young people of the society in making a canvass of the town. They will be furnished blanks for the purpose, so that they can furnish the desired information at once, and turn it in to the Librarian.

The co-operation of Soldiers' families is requested, so that the record may be complete. If any one should be missed by the canvassers, the information can be turned in directly to the Librarian.

PROCEEDINGS OF BOARD OF TRUSTEES

**REGULAR MEETING OF THE
BOARD OF TRUSTEES OF THE
CITY OF GLENDALE, FEB-
RUARY SIXTH, 1919**

The Board assembled at 8:15, all members present except Trustee Jackson. The minutes of the last regular meeting, including the adjourned session, were read and approved.

Communications were read from F. M. Farrand and Mrs. Mary V. Turner, requesting that the City purchase their water stock in the Verdugo Canyon Water Co. The communications were ordered filed.

An application was received from the Santa Paula Rural Motor Express for permission to pass through the City in the operation of a line of motor express vehicles operating between Santa Paula and Los Angeles. Reference was made in the application to Chapter 213, Laws of 1917, and accompanying the same was a notice from the Railroad Commission for the State of California that the hearing was to be had in the matter on Thursday, February 6, 1919. The application was referred to the City

Attorney, who later reported in reference to the same that the law requires that the body to which application was made must fix a time for hearing of the same. On motion of Trustee Muhleman, it was ordered that a hearing in regard to the application for this permit be set for Feb. 20, 1919, at 8:00 o'clock p. m.

The City Engineer made a report upon the condition of Acacia Avenue between Brand Boulevard and Central Avenue, and submitted a plan for the construction of driveways connecting the street with private property. On motion of Trustee Muhleman it was ordered that the City Engineer be requested to arrange with property owners to pay for the material required and the City to perform the labor of constructing the five driveways now connecting the street with private property on West Acacia Avenue between Brand Boulevard and Central Avenue, by the following roll call: Ayes, Henry, Muhleman, Shaw, Woodberry; Noes, none; Absent, Jackson.

Reports were received from the following City Officials: City Recorder, City Health Officer, Tax Collector and Treasurer, and all were ordered to be filed, the report of the treasurer being first referred to the finance committee.

The City Manager submitted a report of the activities of the police de-

partment during the month of January, particularly in regard to the number of arrests made for violation of the Traffic Ordinance. The report set forth, among other details, that the arrests made in the twenty-mile zone were of persons driving at a rate of speed of from thirty-four miles to thirty-seven and one-half miles. In the thirty mile zone, the number of miles per hour at which vehicles were being driven ranged from thirty-two miles to forty-seven miles.

On motion of Trustee Shaw, it was ordered that the position of Police Officer held by George H. Herald be declared vacant, that officer having resigned effective February 1st.

Trustee Henry offered a resolution appointing Thomas McGuire police officer, which was adopted as Resolution No. 1064.

The City Manager reported that the City needs two lots belonging to L. H. Hurtz upon which to deposit dirt hauled from Broadway during the course of the improvement of the street, and on motion of Trustee Shaw, the motion was adopted authorizing the Street Superintendent to lease lots numbers 2 and 4 of the Kate C. Palmer Tract for the sum of ten dollars a year, by the following roll call: Ayes, Henry, Muhleman, Shaw, Woodberry; Noes, None; Absent, Jackson.

The City Manager reported that the

Flood Control Committee of the County announces that it is ready to go ahead with the protection work in Verdugo Wash, and it is the desire of Engineer Reagan in charge of the work to co-operate with the City of Glendale in every way possible.

The Manager of the Public Service Department made a report in regard to the proposed contract for lamps, and on motion of Trustee Shaw, it was ordered that a contract be entered into by the Public Service Department with the General Electric Company in regard to lamps, the Manager of that department being authorized to sign the same, by the following roll call: Ayes, Henry, Muhleman, Shaw, Woodberry; Noes, None; Absent, Jackson.

The City Clerk brought to the attention of the Board the fact that certain water owners formerly under the Verdugo Pipe and Reservoir Distributing system are being charged an increased rate for water, contrary to the agreement between such water owners and the City of Glendale at the time the property of the above company was taken over by the City. Action on the matter was deferred awaiting further report from the Manager of the Public Service Department in regard to the subject.

The Chairman called the attention of the Trustees to the desirability of some action being taken by the City in recognition of the services to the country performed by returning soldiers. The matter was discussed at some length without action.

The Ordinance approving the annexation of certain territory known as the Grand Avenue District was taken up at this time for the third and final reading, and upon motion adopted as Ordinance No. 344, by the following roll call: Ayes, Henry, Muhleman, Shaw, Woodberry.

The Ordinance amending Ordinance No. 301 (hospitals and sanatoriums) was taken up for the third and final reading, and upon motion adopted as ordinance No. 345, by the following roll call: Ayes, Henry, Muhleman, Shaw, Woodberry; Noes, None; Absent Jackson.

Adjournment 10:55 p. m.

WISCONSIN PICNIC

All who have ever lived in Wisconsin are invited to meet under the auspices of the Wisconsin Association of Southern California, for an all day picnic reunion in Sycamore Grove, Los Angeles, Wednesday, February 12, 1919. Come as early as you can and spend the day with friends.

We will have the registers at the county headquarters all day so you can find the old home neighbors even if ten thousand are present.

Basket dinners at noon, and bring well-filled lunch baskets. Coffee will be served free to all who buy the new badges.

Col. Frank H. True, the well known president of the Association, will preside over the program opening about two o'clock. C. H. Parsons, of the Federation of State Societies, will speak. Dr. Charles C. Selecman, popular orator, will tell of what he has seen in the trenches and on the battle fronts in his vivid way.

CAPTAIN HOBSON SPEAKS ON WORLD PROHIBITION

Captain Richmond P. Hobson, who became famous in 1898 as the "hero of the Merrimac," and who since that time has acceptably filled a seat in Congress from his home state of Alabama, spoke at the First Methodist Church in Glendale Tuesday night. A large audience was there to hear him, and was not disappointed in the message he brought.

Captain Hobson's subject was world prohibition, and he expressed it as his opinion, that now, while the nations are gathered in conference, is the time to give a great impetus to this movement.

It is Captain Hobson's opinion that democracy cannot succeed in the world if alcohol is allowed to have its degenerating influences on the peoples of the world.

At the close of the address an appeal was made for aid in the work that is to be attempted, and the audience responded generously.

An ad in the Herald will get the "biz" in this community.

Grandma Ellison and Grandma Bancroft, near-by neighbors and steadfast friends, were reported quite sick this week. Both of these good women are noted for their sunny disposition and kindly deeds. We hope for a speedy recovery for them.

They say the fish are biting some now, though they are not reported as vicious yet.

Miss Billy Hopkins is visiting relatives at 336 Mira Loma Avenue.

Don't worry. Tomorrow will not be today till tomorrow, and then today will be yesterday.

THE SALVATION ARMY

It has taken the war to force appreciation of the Salvation Army. The valiant service which its men and women contributed toward maintaining morale, the cheer which went with the lowly doughnut, the fearlessness which characterized the work of the organization overseas, has brought to the people of this country a new conception of the Salvation Army.

As the people know of its work among the soldiers, so should they know of its work among the poor at home. In California the Salvation Army maintains an industrial home for boys and girls at Lytton where between two and three hundred young people are cared for and made to realize that life holds something for them if they will improve their opportunities.

It maintains two rescue homes in California, at Oakland and Los Angeles, where the wayward girl finds friendship, consolation and a real home with sympathy, love and a helping hand to guide her back to the paths of virtue.

A young women's boarding home is maintained for working girls; a flying relief squadron is always ready to answer every emergency call to succor the suffering, the hungry, the sick and the dying; a great work is done

A NEW SERVICE FLAG

A new kind of service flag is suggested on which the number of stars shall indicate the number of discharged United States soldiers employed in a given shop, factory, or other industry. One may readily believe that such a flag will become popular, not only as an expression of the desire of an employer to provide work for soldiers, but as a canny advertisement. The majority of the young Americans who went to war are coming back more alert and vigorous for the experience; and the employer who can show a number of them in his business will presumably be able to give better service to the public in proportion to the stars on his flag. It is indicative of this new alertness and ambition that many of the boys who come back are not so very keen for the "old jobs," which have sometimes been a bit over-sentimentalized, but are looking for something better. And men in that frame of mind are just the sort that wise employers are looking for.—Christian Science Monitor.

For tomorrow, Sunday, February 9, a melodrama of thrills is offered, under the title, "The Silver King." It is played by William Faversham and Barbara Castleton, and is one of the best melodramas ever pictured. On the same program is another great Mack Sennett comedy, the very latest, entitled, "The Village Chestnut."

David Graham Phillips' great novel, "The Grain of Dust," will be presented on Monday. This is the famous Saturday Evening Post story, and Lillian Walker plays the leading part. Pathé News will be shown also.

The latest and greatest United States official war picture will be given here on Tuesday, February 11. The title is "Under Four Flags." This is the most realistic war picture, and shows the last great battles leading

and is the story of the "glue king," who, though financial giants bowed to his wishes, was so unkempt that his wife was ashamed to walk beside him. That was why she walked sometimes with other men. The official Allied war review and Topics of the Day by the Literary Digest.

"The Racing Strain," a racetrack romance of old Kentucky, will be the feature for next Friday, February 14. Mae Marsh is the star. She plays the part of a plucky Southern girl. Burton Holmes pictures will be shown

For next Saturday two great pictures are promised, John Barrymore in "Here Comes the Bride," and Fatty Arbuckle in his latest comedy scream, "Camping Out." This picture was made in the wilds of Catalina Island. Children's matinee at

W. C. T. U. NOTES

By Miss Adda Burch

Los Angeles W. C. T. U. had a most interesting Anti-Narcotic program under the direction of Mrs. M. F. Runnels, County Superintendent of the department. Mrs. Runnels spoke chiefly in regard to the work of the Anti-Cigarette League, giving the name of the new president, James A. Walton. Dr. M. B. Laurence, who has done such valiant work for many years, has resigned. She closed her remarks with a reading apropos of the subject. Mrs. Carrie Lee Carter Stoker, formerly president of the Missouri W. C. T. U., made a fine address, dwelling particularly on the scientific side of the subject.

Mrs. M. J. Hamilton, a member of the union for over 20 years, was buried on Friday. A number of members were in attendance at the funeral.

The California Voice has secured a permit to hold in Sycamore Grove on February 22 a triumphant "Dry Picnic." This picnic is held instead of the annual banquet in honor of Colonel Sobieski, and every mem-

ber of the "dry" forces in Southern California is invited to participate.

42 states have ratified the Amendment. The states yet to vote on it are New York, New Jersey, Pennsylvania, Vermont, Rhode Island, and Connecticut.

Kansas was the first state to celebrate the ratification of the amendment. In Olathe, the home town of the late Governor St. John, in the Congregational Church, a victory celebration meeting was held.

Pomona Unions held an institute with an excellent program. Mrs. Jennie Ray Thompson, assistant state recording secretary, made an excellent address on Americanization, and Mrs. Julia D. Phelps spoke on National Prohibition, saying, "A great battle is yet to be won—world wide prohibition." Mrs. Carl Lorbeer furnished some fine violin solos.

Pasadena City W. C. T. U. Federation had a splendid program at its recent meeting at the Lake Avenue Congregational Church. Addresses were made by missionaries from Japan and India. A memorial service

was held for six members who have "passed on" to the higher life. Phelps Union was the hostess.

Duarte W. C. T. U. held an interesting meeting at the home of Mrs. Blain. After a short business meeting, the rest of the time was spent in Belgian relief work.

Suffering Transmuted.

Unhappiness is the hunger to get; happiness is the hunger to give. True happiness must ever have the tinge of sorrow outlived, the sense of pain softened by the mellowing years, the chastening of loss that in the wondrous mystery of time transmutes our suffering into love and sympathy with others.—William George Jordan.

Changed Cars.

A little girl was greatly pleased over the opportunity to accompany her mother on a visit to the city, where they spent a few days, and upon her return to her home she said: "Oh, daddy, we had such a nice time; we went in the sleeper and we came home in the sitter."

Passed Away.

Notice in a country store—"We regret to inform our honored customers that our good and generous friend, Mr. Credit, expired today. He was a noble soul, always willing and helpful, but has been failing for some time. May he rest in peace. Pay cash."—Boston Transcript.

Buy Where Reputation Counts

When you buy merchandise there is great satisfaction in knowing that you have received good value for your money. But the satisfaction is greater when you know *in advance* that the value is going to be good.

That's what happens when you trade at local stores, where the dealers have good reputations to maintain and where they do maintain them by selling only good goods at fair prices.

When you buy from strangers you are very apt to receive mediocre value at price of better. For your own protection buy where reputation counts—at home.
